LEADERSHIP TEAM

Ashley Jahromi *Director*

Ashley brings more than 20 years of industry experience delivering electrical and communications projects across commercial, industrial, education and residential sectors.

Beginning his career as an electrician, he has progressed through estimating, project management and client-facing leadership roles, delivering projects from concept through to completion.

His expertise includes cost planning, estimating, project delivery, stakeholder management and Design & Construct projects, with a proven ability to deliver projects safely, on time and within budget while building strong, long-term client relationships.

Mitchell Fowler *Director*

Mitchell is an experienced electrical professional with more than 20 years of hands-on experience delivering electrical, communications and infrastructure projects across commercial, industrial and residential sectors.

With a strong technical background, he has extensive experience in electrical installations, structured cabling systems, maintenance services and project delivery across a wide range of operational environments.

His practical approach, technical expertise and commitment to quality workmanship ensure projects are delivered safely, efficiently and to the highest standard.
